INCOME DUTY.—YEAR ENDING 5TH APRIL, 1860, INCLUSIVE.

ARMY.—(1859-60.)

War Office, 30th August, 1859.

By the Act of 22 & 23 Victoria, cap. 18, the amount to be stopped and deducted on account of Income Duty from the pay and allowances issued or becoming payable to Officers of the Army and others under the authority of the Secretary of State for War for any period or periods within the quarters ending respectively on the 30th September and on the 31st December next is to be calculated at the rate of 1s. 1d. in the pound in every instance in which the income of the person from all sources is not less than 150l. for the year, and at the rate of 8d. in the pound when the income is allowed by the Commissioners for Income Duty to be less than 150l., but not less than 100l. a year. For periods during the quarter ending on the 31st March, 1860, Income Duty is to be calculated at the rate in force up to the 30th June last, viz., 5d. in the pound in every instance in which the income of the person from all sources amounts to 100l. and upwards.

The short deduction of tax from issues of pay already made during the present quarter is to be recovered out of the next payment to be made.

The annexed Tables, which have been framed for the purpose of calculating the above, are circulated for the guidance of Agents, Paymasters and others, who are Accountants to this Department.

Separate instructions will hereafter be issued to Agents and Paymasters as regards the mode of rendering the usual Income Duty Returns.

By Order of the Commissioners.

17. Non-commissioned officers and privates on probation shall remain on the strength and payment of their respective regiments or corps, receiving only from the Commissariat additional or working pay, according to their class, qualification, and time of employment.

18. All Non-Commissioned Officers and Privates of this Corps shall be liable to be discharged from the service at any time that our Commander in Chief shall think fit, without any claim for compensation beyond that mentioned in Article 11.

19. In all points not specifically detailed, nor provided for, in these rules and regulations, the Non-Commissioned Officers and Privates of this Corps shall be subject to all the rules and regulations affecting the other Corps of our Army.

20. The Commissariat Staff Corps shall be under the direction of the Commissary General in Chief, who shall select an Officer of the Commissariat to act as General Staff Officer of the Corps. This Officer shall be charged with the general superintendence of the Corps, and the preservation of its records, and all correspondence connected with the Corps shall be addressed to him.

21. Commissariat Officers in charge of Companies of the Corps shall receive the rates of contingent allowance prescribed for Infantry in the War Office Regulations.

HOME.

War Office, 16th August, 1859.

THE Secretary of State for War having had under his consideration the expediency of adopting an uniform practice regarding the deodorizing agents to be supplied by Barrack Masters for the purification of privies, drains or other portions of barracks where effluvia prejudicial to the health of the troops are likely to arise, has decided that lime only shall be used for such purposes in barracks, and, in cases of necessity, chloride of lime also in hospitals.

Requisitions for these articles will continue to be made as heretofore upon Barrack Masters, those for the latter being certified by the Medical Officer in charge of the Hospital for which it may be required.

Barrack Masters in Ireland will consider the order of the 21st November, 1853 (I. G. F.—493), which was only experimental in its object, to be hereby cancelled.

FOREIGN STATIONS.

War Office, 19th August, 1859.

WITH reference to Circular No. 300 (41—Engineers, 16), respecting the payment into the Treasury Chest of stoppages due by Engineer Officers abroad, who are accommodated with public quarters, the Secretary of State for War has determined that these stoppages shall in future be accounted for in Quarterly Statements instead of the Monthly Returns prescribed by Art. 26, Section 2, of the Engineer Regulations.

CIRCULAR, No. 464.

War Office, 24th August, 1859.

THE Secretary of State for War having had under his consideration the Report of the Royal Commission appointed to examine into the sanitary state of the Army, has decided, in accordance with the recommendation of the Commission, that, in the case of General, Garrison and Camp Hospitals, the charge of the buildings, grounds and stores connected therewith shall be transferred from the Barrack Master to the Purveyor of the District or Station, who will in future be held responsible for their good order and cleanliness, and also for the due assessment of Barrack damages. Barrack Masters will therefore be entirely relieved of the whole of the duties hitherto performed by them in connection with these Hospitals.

Regimental Hospitals will, however, remain as at present, in charge of the Barrack Master. The inclosed instructions are therefore transmitted for the guidance of all concerned in carrying out these arrangements.

JOHN ROBERT GODLEY.

To General Officers commanding, Officers commanding Regiments, &c., Commanding Royal Engineers, Barrack Masters, Purveyors, &c. &c.

1. WHEN a Regiment or Detachment arrives at the Station, which arrival should be notified to the Purveyor by the Quartermaster General's Department, it will be the duty of the Purveyor, in cases where the accommodation has not been already allotted by regulation, to take the instructions of the principal Medical Officer as to the amount and description of Hospital accommodation to be placed at the disposal of the Corps. He will thereupon deliver over the same in good condition to the Surgeon or other Officer appointed for the duty by the Officer commanding the Regiment or Detachment, who will, from time of such delivery, stand charged with the said Hospital, and with the Stores, &c., issued thereto, until the building is again given up to the Purveyor.

2. The Purveyor is expressly enjoined to confine the issue of bedding, furniture, utensils, &c., for Hospital use to such quantities and descriptions only as may be sanctioned by Her Majesty's Warrant, the Barrack Regulations, and by the Purveyor's instructions.

3. That there may be no misunderstanding with the Medical Officers, patients or hospital servants, the Purveyor is to prepare for each ward or room an inventory comprising every article, including fixtures, handed over by him to the Medical Officer or Hospital Serjeant, by either of whom it should be signed in conjunction with the Purveyor. The inventory will be hung on the inside of the door of the room, and if defaced or destroyed will be charged at the rate of one shilling as hospital damage or deficiency. In addition to the room or ward inventory, a general inventory, in duplicate, should be prepared by the Purveyor, and signed by the Medical Officer in charge, one copy to be retained by the Purveyor for each separate Hospital, the duplicate to be sent to the Officer commanding the Regiment or Detachment.

4. The Purveyor will frequently inspect the Hospital buildings and stores, but at the commencement of each month he will apply to the Officer commanding the Troops to fix a day for the usual monthly inspection, to be held on or before the 20th, and request him to appoint a Commissioned Officer to attend on behalf of the various Regiments or Detachments. The assessment made by the Purveyor for Hospital damages or de-

sciencies which may be attributable to wantonness or neglect on such occasions should be forthwith laid before the Officer commanding the Regiment or Detachment concerned, and the amount be paid by him to the Purveyor. At Home Stations the Purveyor will credit the amount in his accounts, but at Foreign Stations he will pay it over to the Military Accountant, to be by him credited to the public. Any disputes arising out of these charges should be subsequently submitted to the Officer commanding the Troops, for his consideration and decision.

5. The Purveyor is authorized to cause all damages so assessed to be at once repaired, and also to cause to be executed all whitewashing, when necessary for purification or cleanliness, the same being previously approved by the principal Medical Officer.

6. The Purveyor is authorized to make every fair and just allowance for the wear and tear of Hospital bedsteads, beds, clothing, furniture, utensils, &c., in the assessment of damages and deficiencies of such stores, or of damages to buildings; it is nevertheless imperative on him to protect the public interest by due vigilance and attention to these important points of duty. At the same time it is expected that Commanding Officers, while they protect the interest of the Soldiers, will bear in mind the necessity of upholding that of the public also. When in the ordinary changes of bedding, clothing and furniture it is found that any of the articles returned into store have been unnecessarily or wantonly injured or stained, the Purveyor will charge the same to the Regiment, the Commanding Officer being at liberty to appeal, should he conceive himself or the Troops aggrieved.

7. When a Regiment or Detachment is ordered to leave the Station, the same should be notified by the Quartermaster General's Department to the Purveyor, who will thereupon proceed in person, if possible, to receive over the Hospital stores, &c., in charge of the Regiment or Detachment, and forward to the Officer commanding a list of all articles missing or damaged.

8. At the annual inspection of the Hospital buildings, the Commanding Royal Engineer will be assisted by the Purveyor, to whom he will give timely notice of the inspection.

9. The Purveyor will point out any defects that may exist, and suggest any improvement he may consider necessary for the efficiency of his department, and for the due accommodation of the sick; and a statement of all such alterations as may then be deemed requisite is to be signed by the principal Medical Officer and the Purveyor, as well as by the Engineer Officer.

At Stations where there are Quarters for the Medical Officers in the General or Garrison Hospital, these Quarters will be given over to the charge of the Purveyors, and the necessary inspections made by them.

When Officers of the Medical and Purveyor's Departments occupy Quarters apart and distinct from the Hospital, such Quarters will continue in charge of Barrack Masters.

10. At the commencement of each quarter the Purveyor will, after a careful inspection of the Hospital Buildings under his charge, prepare and transmit to the Commanding Royal Engineer of the District a statement of the incidental repairs (Form No. 3), arising from fair wear and tear only, that may appear to him requisite, which is to be signed by the Principal Medical Officer and by the Purveyor (care being taken to number and identify each article or part requiring repair).

11. On the receipt of this statement, the Commanding Royal Engineer will fix, with the Purveyor, an early day for the inspection of the Hospital in the usual way by himself or by an Officer of Engineers (accompanied by the Purveyor). He will call the attention of the Purveyor to any irregularities or misappropriation which he may observe in making the inspection.

12. Should any trifling repair of a *pressing or urgent nature* be required by the Principal Medical Officer, the Purveyor should order its immediate execution by the Engineer Contractor, he reporting simultaneously to the Commanding Royal Engineer of the District his having done so, and the grounds of the urgency.

13. In cases of Hospitals still in charge of Barrack Masters this power will be likewise entrusted to them.

14. All repairs which, though not of so urgent a character, may become necessary between the quarterly inspections, will be performed, on the requisition of the Purveyor, by the Engineer Department; but it is considered that by due care and attention in drawing up the quarterly requisition such intermediate requisitions should be but rare.

15. Should the Purveyor on any occasion find a difficulty in estimating the amount of the charge to be made for disputed damages, he will, on a written application to the Commanding Engineer, receive the necessary professional assistance, but it must be distinctly understood that this is intended only to apply where the Purveyor's charge is objected to by the Troops.

16. From Districts at Home, Returns of such stores as have become unserviceable during the year from fair wear and tear only are to be sent, as soon after the 1st March as possible, to the Purveyor-in-Chief, who will send them to the Director of Stores, in order that he may nominate an Officer to attend the survey of Hospital Bedding and Furniture at the same time that the Barrack survey takes place, disposing of the Bedding and Furniture according to the Barrack regulations.

17. At Foreign Stations the Purveyor will furnish a similar Return of such Stores to the Officer commanding the Troops, and apply for the appointment of a Board of Officers to examine the state of the articles brought before it, and to report thereon to the Officer commanding, who will give such orders, according to the Foreign Barrack Regulations, as to the disposal of the Stores as may appear to him to be for the interests of the Public.

18. The original Minutes of Survey, Form No. 58, are to be attached as Vouchers to the Purveyor's Store Account.

19. The Purveyors and Purveyors' Clerks in charge will be held responsible, and looked upon as Hospital Barrack Masters, and account for the stores like all other Barrack Masters, and they will make their demands for Hospital bedding and furniture to the Director of Stores through the Purveyor-in-Chief, without the intervention of Barrack Masters.

20. The washing and repairs of Hospital bedding will, for the present, be performed by the Barrack Contractors.

21. In districts where General or Garrison Hospitals exist, and when Storage is specially attached to these Hospitals, the Purveyors will send Returns to the Barrack Masters of the probable quantities of fuel and light that will be required, in order that provision for the same may be made in the annual contracts. These issues will be made under the supervision of the Purveyors, who will send the weekly Fuel and Light Returns to the Director of Stores, according to the Barrack regulations.

22. The issues of fuel and light to Regimental Hospitals will be made as at present.

23. Barrack Masters will take the necessary steps immediately for the transfer of bedding and furniture to the Purveyor, agreeably to this order, so soon as the necessary Transfer Returns are prepared by the Purveyor-in-Chief.

SIR,

CIRCULAR, No. 465.

War Office, 12th August, 1859.

IN drawing your attention to Art. 203 of the Militia Regulations of the 1st September, 1854, I am directed by Mr. Secretary Herbert to acquaint you, that in any case in which it may be hereafter necessary to renew the engagement of the Serjeants who have been appointed on the Permanent Staff of the Regiment under your command since the passing of the Act 17 & 18 Vict. cap. 107, application for the authority of the Lord-Lieutenant of Ireland to re-appoint them should be made by the Colonel, through the Lieutenant of the County. No Serjeant is to be recommended for re-appointment who is not medically fit for a further service of five years, and who is not, in every other respect, equal to his duties; those who are unfit should be discharged immediately on the expiration of their present engagement.

Such Serjeants as may be re-appointed will be allowed a Bounty of 15s. each, and care should be taken that the oath prescribed by the 3rd section of the 51 George III., cap. 118, is re-administered to them.

I am to add, that the Colonel of the Regiment will be at liberty to renew the engagement of the Drummers* on the Permanent Staff, on the same terms as regards bounty and qualifications for service as in the case of Serjeants, without, however, the intervention of the Lieutenant of the County or Lord Lieutenant of Ireland.

I have the honor to be, Sir,

Your most obedient Servant,

The Officer commanding — Militia.

CIRCULAR, No. 466.

War Office, 27th August, 1859.

THE Secretary of State for War, being of opinion that in cases of leave of absence granted on the certificates of Medical Boards, on account of sickness, Officers of the General Staff should not be required to provide substitutes at their own expense for the performance of their duties, desires that when such leave is granted by any General Officer Commanding the Troops abroad he will make such arrangement as he deems most advantageous for the duties being performed during the absence of the Staff Officer, and will, in case it may be found necessary to engage the services of a substitute, or otherwise to incur any increased expense, report the arrangement he may make in the matter to this office, for the approval of the Secretary of State.

In cases of sick leave being applied for, on the certificate of a Medical Board, by any Staff Officer serving at home, the arrangement which it is proposed to make for providing a substitute should be reported to this office for the previous sanction of the Secretary of State.

This regulation will only be applicable to cases where the necessity for such leave of absence shall be certified by a Board of Military Medical Officers, and is only to extend to a period of two months in each year.

CIRCULAR, No. 467.

War Office, 30th August, 1859.

MR. Secretary Herbert has decided that the arrangement, contained in the Circular dated 26th April, 1847 (S—48), issued by the late Board of Ordnance to the respective Officers, for employing the Crown Lawyers of the various Colonies as professional advisers to that Board, shall not be, in future, applicable to the business connected with this Office.

The Officer Commanding in each Colony will therefore select a legal adviser of character and eminence in his profession to act for this Department. He may be one of the Colonial Law Officers or not, as the Officer Commanding may think best; he will be paid at the rates and in the manner customary in the Colony, and his name is to be reported for the approval of the Secretary of State for War.

It is to be understood, however, that in cases where it may be desirable to obtain the advice of the Chief Law Officer of the Colony, if he be not the selected adviser, such advice may be taken and his usual fees paid.

This decision is to be communicated to the various Departments concerned.

WITH reference to Article 3 of the Royal Warrant, dated 1st July, 1848, page 3, granting an allowance of 5s. a day to Regimental Paymasters who, on account of ill health, are absent with leave from their corps when on Foreign Service, Mr. Secretary Herbert has decided that for the future that allowance is to be given only to Paymasters of not less than 5 years' service in that rank, and that it shall be extended, under that limitation, to all Paymasters whether on Home or Foreign Service.

The grant of such allowance will be subject to the restrictions prescribed by Articles 27 and 28 of the Explanatory Directions.

REGULATIONS FOR GOVERNING THE SEALING AND CUSTODY OF PATTERNS OF MILITARY STORES.

War Office, 3rd September, 1859.

1. ALL patterns of Military Stores are to be approved by the Secretary of State for War, and sealed with the pattern seal of the Office, which is to be kept in the custody of the Director of Stores.

2. A Register of all sealed patterns is to be kept in the Office of the Director of Stores, and similar Registers by the Superintendents of the Departments and Principal Military Storekeepers concerned respectively.

3. The original patterns of articles made in the Manufacturing Departments are to be retained after sealing by the several Superintendents, who are to be held responsible that no alteration is made in them.

4. The original patterns of articles obtained by contract are to be kept after sealing in the custody of the Principal Military Storekeepers, or of the Superintendents of the Manufacturing Departments requiring the Stores (as the case may be), who will be responsible that no alteration is made in them.

5. All patterns of too bulky a nature to be sent to Pall Mall are to be sealed by a gentleman belonging to the Store Branch at the Station or Department where they are to be kept, and this gentleman will report his proceedings to the Directors of Stores and be responsible for the safe return of the pattern seal to that Officer.

6. Whenever it is discovered that the seal upon an original pattern is damaged and likely to become obliterated in consequence, a report of the fact is to be made to the Under Secretary of State for War by the Officer in charge of the pattern, and steps are to be immediately taken for resealing the same.

7. The Director of Stores will order certified samples or drawings of Stores in such cases as he may consider necessary. The sealed samples are not to be considered as patterns for governing contracts or manufacture, but merely for the information of the Officers to whom they may be sent, in order that they may become thoroughly acquainted with changes of pattern, and that they may make their requisitions correctly. If any defect or deviation in the form or make of any article be observed by them they will report the same to this Office.

8. The approval of all new patterns or alteration of patterns of Stores which are brought under the consideration of the Select Committee or the Royal Engineer Committee should be recorded in their books, and a monthly statement with description transmitted to this Office.

CIRCULAR, No. 471.

RULES AND REGULATIONS TO BE STRICTLY OBSERVED BY MASTERS, MATES AND SEAMEN OF THE SEVERAL VESSELS BELONGING TO OR EMPLOYED BY THE WAR DEPARTMENT.

War Office, Pall Mall, 24th August, 1859.

1st.—On arrival at any Military Store Station, the Master is immediately to report himself to the Senior Military Store Officer, and if any Stores are on board to deliver the bills of lading.

2nd.—The Master is to attend daily at the Military Store Office at the Station where the vessel may be lying, to receive such orders as it may be necessary to give him.

3rd.—The Master is strongly enjoined frequently to examine the hold, and to be particularly careful that all iron bolts, nails, &c. are covered with sheet lead or pieces of leather, and that any defects in the vessel or Stores are immediately reported in writing to the Senior Military Store Officer at the Station.

4th.—Previously to receiving any gunpowder, ammunition, &c., the Master or Mate is to take especial care to examine the hold, and see that it is clean swept, free from grit or dust, and in a fit state to receive the Stores, which he is to report to the Senior Military Store Officer.

5th.—On receiving gunpowder, ammunition, &c., the Master is to see that the platform in the vessel's hold, the gangways and comings of the hatchways are covered with tanned hides; that the barrels or boxes are carefully stowed, the hatches properly secured and locked, and that the key remains in his own possession.

6th.—No fires, lights or smoking are, under any circumstances, to be permitted on board during the time of loading or unloading, or while lying alongside (or within a quarter of a mile) of any Magazine. Fires will be provided in the cook houses at the several Stations, when requisite, for cooking the provisions. When at sea, and it is necessary to have a fire on board, the Master is to see it carefully extinguished at sunset and one hour previously to going alongside any ship or Magazine.

7th.—Having received gunpowder or other ammunition, a red flag is to be hoisted at the mast-head, and kept flying until the cargo is discharged. The Master or Mate and all the crew are to remain on board until all the Stores are discharged, except it may be necessary to procure water or provisions, of which notice is to be given to the Senior Military Store Officer.

8th.—On delivery of the above Stores the same caution is to be used as in loading; and if any barrels or boxes should have been unavoidably broken or any powder become loose, it is to be carefully swept up and delivered at the Magazine, and the circumstance reported by the Master to the Senior Military Store Officer.

9th.—No lucifer matches are at any time to be used on board any of the War Department vessels, and any person found to be in possession of the same will be immediately dismissed.

10th.—The Master is to keep a log book, inserting the daily occurrences and also the receipts and deliveries. The tally of all Stores passing into or out of the vessel is to be taken by the Master or Mate, who will be held strictly accountable for the delivery of all the Stores according to the receipt tally, and any deficiency must be immediately reported by the Storekeeper to whom the Stores are consigned.

11th.—In the steamers at sea the Officer in charge is to keep his watch on the bridge, and to see that the lamps are properly trimmed, and that a good look-out is kept by the man stationed in the bows.

12th.—The Admiralty regulations respecting lights must be strictly attended to both in the steam and sailing vessels.

13th.—On the arrival of the steam vessel in any port, the Chief Engineer is to report to the Master or Mate that the sea and bilge cocks are secure before leaving the vessel; and the Engineer on duty, when under-way, shall not under any pretence leave the engine room unless relieved by the Engineer off duty; and in the event of the fires being required to be banked up, the vessel is on no account to be left without one Engineer on board.

14th.—The stokers shall assist the crew in getting the anchor whenever required, but will not be called on to take part in the general work of the ship on deck, except in cases of emergency at sea. On arriving at any port they shall be employed under the Engineers in cleaning the boilers, engines and other work in the engine room.

15th.—The galley and steam funnels are to be kept clean swept, whitewashed and painted by the Stokers.

16th.—The galley fire is to be extinguished at 8 p.m., and not lighted before 6 a.m. The funnels are to be daily carefully examined and swept.

17th.—All boats, unless required for the service, are to be hoisted at 9 p.m., and on no account to be lowered unless ordered by the Master, or in his absence the Mate.

18th.—When the vessel is unloaded safely moored and not immediately wanted, the Master, Mate and crew will be permitted in turn occasionally to be with their families (when the weather will allow); but steamers are never to be left without the Master or Mate, one Engineer, one seaman, one stoker and one boy; nor sailing vessels without either the Master or Mate and one seaman on board, nor is any person to absent himself at any time without express permission from the Senior Military Store Officer at the Station.

19th.—Each vessel will be furnished with two red flags, as many pairs of Magazine slippers as there are men in crew, and a like number of pairs of trowsers and frocks for working in the hold, but not to be worn at any other period. These articles will be supplied upon the Master making a requisition for them to the Senior Military Store Officer of the Station to which the vessel belongs.

20th.—When absent from his own Station or meeting with any accident at sea, whereby the safety of the vessel is endangered or delay likely to be occasioned, the Master is to report immediately to the Senior Military Store Officer at the Station to which he belongs, and apply for assistance to the nearest Military Storekeeper, Ship or Dockyard belonging to Her Majesty.

21st.—The Master will be held strictly responsible that the service upon which his vessel is employed is performed with the utmost despatch, and, in the event of his being obliged to seek shelter, that no unnecessary delay is allowed to take place before again proceeding on his voyage. The circumstance is to be immediately reported to the Senior Military Store Officer to whom the Stores are consigned.

22nd.—The Master is authorized to draw half a month's pay, in the event of his voyage being prolonged, by adverse winds or unforeseen circumstances, beyond the month in which he was originally loaded; the circumstances to be immediately reported to the Senior Military Store Officer of the Station to which the vessel belongs.

23rd.—Every man or boy employed in this service is to devote himself exclusively to it, and the Master will be held responsible for the conduct of the Mate and Crew, and in the event of any disobedience of his orders by them he is to report in writing to the Senior Military Store Officer at the Station to which he belongs.

24th.—Any Master, Mate or Man wishing to leave the Service must give three days' notice, or forfeit pay for a similar time.

25th.—When removing the armament of any of Her Majesty's ships, the Master is to use his utmost endeavours to prevent any article of Naval Stores being put on board his vessel with the Stores of this Department. In the event of his observing any article of Naval Stores amongst the War Department Stores, he will immediately report the circumstance to the Officer commanding the ship from which the armament is being removed.

26th.—On all occasions before casting off, after receiving Stores from any of Her Majesty's ships alongside the Dockyard, the Master will apprise the Dockyard police, in order that his vessel may be searched. Should the ship be in the stream, he will ask the Officer commanding to send the Master-at-Arms on board his vessel to make the examination; he will then lock the hatch and retain the key in his own possession until his vessel comes alongside the Gun Wharf to unload.

27th.—The Master will make out an inventory of all the standing and running rigging, masts, blocks, anchors, cables (stating the length of the cables), sails, and all spare Stores, &c.

28th.—He will transmit demands from time to time for such Stores as may be requisite, returning the old Stores to the Military Storekeeper, to show that they have been fairly worn out.

29th.—The Master will periodically examine the fore-castle, and report to the Military Storekeeper any article of Public Stores found therein other than those belonging to the vessel.

30th.—All Stores belonging to the vessels are to be clearly marked W ↑ D.

31st.—Periodical surveys will be held by an Officer of the Military Store Department, in order to ascertain that the Stores are correct; and the Master will be held strictly responsible for all the Stores placed in his charge as shown by the inventory. The Military Storekeeper is to report having held the survey.

Fifes, &c.—3 (1859).

Horse Guards, S. W., 30th August, 1859.

THE Secretary of State for War having authorized the admission, as a charge against the public, of the sum of one halfpenny per letter, or figure for marking the flutes and fifes issued by the War Office to Regiments of Infantry and Depot Battalions, the General Commanding-in-Chief directs that the Instruments in question be marked on the Ivory end of each in the following manner: $\frac{1}{14} R, \frac{2}{24} R, \frac{7}{D} B, \frac{51}{8} R,$
 $\frac{1}{1} \quad \frac{5}{5} \quad \frac{9}{9} \quad \frac{8}{8}$

Miscellaneous,—4 (1859).

Horse Guards, S. W., 31st August, 1859.

IN consequence of the numerous claims from private practitioners for medical attendance upon Soldiers labouring under chronic diseases, who are employed on the recruiting service, and on other duties away from their Regiments, the General Commanding-in-Chief desires that every Soldier shall be subjected to a careful medical examination on the day before, or on the day on which, he leaves his Regiment or Depot for detached duty of any kind.

His Royal Highness likewise desires that, before granting sick furloughs, Commanding Officers will obtain from Medical Officers a distinct opinion as to whether the cases are likely to be benefited by the removal of the patients to another locality; and further, that they will take steps for ascertaining that the men's friends are in a situation to afford them such aid as the nature of their ailments may require. Much needless suffering must result if Soldiers labouring under chronic disease are allowed to visit friends who are unable to provide them with the necessary accommodation and comforts.

By Command.

Deputy Adjutant General.

Working Pay,—2 (1859).

Horse Guards, S. W., 8th September, 1859.

THE Secretary of State for War, at the recommendation of His Royal Highness the General Commanding in Chief, having consented to an allowance of fourpence per day being granted to each man employed in Camps of Instruction in throwing up Field Works, to compensate for the wear and tear of their clothing and boots, the same is hereby notified for general information and guidance.

It is, however, to be distinctly understood that this allowance is not to be regarded as "Working pay," but is to be placed to the Soldier's credit, with the Captain of his Company, as compensation for clothing and boots damaged or worn by work at the duties in question; and is not to be charged on works carrying working pay, as provided in pages 267, 268, of the Queen's Regulations and Orders for the Army.

Deputy Adjutant General.

Army Hospital Corps—2 (1859).

Horse Guards, S. W., 9th September, 1859.

HIS Royal Highness the General Commanding in Chief having been pleased to decide that such Non-Commissioned Officers and Men as have, after a course of training and instruction in making up medicines, been examined and appointed Compounds of Medicine, may be called upon to volunteer as Serjeants to the new Army Hospital Corps, Commanding Officers will be pleased to transmit Nominal and Descriptive Returns of such Non-Commissioned Officers and Men as shall volunteer accordingly.

His Royal Highness has further decided, that all Regimental Hospital Serjeants who volunteer their services under the terms offered, and who are accepted, shall remain attached to the respective Regiments or Battalions in which they were serving when transferred to their new Corps.

It is, however, distinctly to be understood,—that although all Non-Commissioned Officers and Men volunteering from the Medical Staff Corps to the Army Hospital Corps are to be allowed to reckon their service in the former as part of the sixteen years' service required in the latter Corps by the 16th Article of the Warrant of 1st August, 1857,—in no case will any individual transferred to the Army Hospital Corps be allowed to reckon any previous service he may have had in the Line towards the sixteen years in this Corps.

RECRUITING DEPARTMENT.

Horse Guards, S. W., 1st September, 1859.

HIS Royal Highness the General Commanding in Chief, with the concurrence of the Secretary of State for War, directs that, from this date, the Bounty of Men who defer their re-enlistment until after twelve months from the close of their previous engagement be reduced from three pounds (the present rate) to thirty shillings.

Arms—5 (1859).—Sword fixing.

Horse Guards, S. W., 17th September, 1859.

HIS Royal Highness the General Commanding in Chief directs that Serjeants, when in the ranks or on duty under arms, are not to fix their swords, except when forming the escort for the colours, in which case they are invariably to be fixed.

General No. 192.

Arrest—1 (1859).

Horse Guards, S. W., 19th September, 1859.

FROM circumstances which have recently occurred the General Commanding in Chief has reason to believe that the Officers of the Army generally entertain very inadequate impressions on the subject of arrest, His Royal Highness therefore deems it necessary for their guidance and information to define the meaning of an Officer being in arrest, which, to all intents and purposes, is that he is a prisoner.

An Officer is placed in arrest for some offence imputed to him, and he remains so until his case has been decided upon by competent authority.

An Officer in close arrest is not allowed to leave his quarters or tent. If he be in arrest at large, he may be permitted by superior authority to take exercise within defined limits, viz., not beyond the Barracks, or, if in Camp, not beyond the Quarter Guard, and then only at stated periods; but he cannot dine at his own or any other mess, nor can he appear at any place of amusement or public resort, and he is on no pretext to quit his room or tent dressed otherwise than in uniform, without his sash and sword.

By Command.

G. A. WETHERALL,
Adjutant General.

MEMORANDUM.

Army Medical Department, 15th July, 1859.

MANY Soldiers of short service who did not bear marks of medical treatment having been sent to Chatham to be discharged, the Director General begs to call the attention of Medical Officers to this subject, and to inform them that every Soldier, before being brought forward for discharge on account of a medical disability, must bear marks of the treatment usually adopted in practice, to show that proper remedial means have been used to restore him to health before he is pronounced unfit for further service.

Soldiers are often invalided for lumbago, epilepsy, diseases of the joints and visceral affections, all of which, in the early stages, would be much benefited by local depletion, and it is to such cases that the attention of Medical Officers is specially directed, and not to those of advanced organic disease or of permanent deformity.

The Director General recommends, where topical depletion is necessary, that cupping be resorted to, as it is a mode of treatment oftentimes more efficacious and always less expensive than the application of leeches.

Director General.

HOME.

War Office, 14th September, 1859.

CIRCULAR No. 361, containing regulations for hiring property for the use of the War Department generally, being inapplicable for the provision of Hospital accommodation for Militia Regiments at the annual training periods,

Mr. Secretary Herbert has been pleased to approve of the following regulations of hiring for the object named, which are to be strictly followed in all future cases.

When a Regiment is about to be assembled for training, the Officer commanding will report to the Secretary of State for War, as early as convenient, the necessity for providing Hospital accommodation, stating whether there is any infirmary or public building available for the purpose.

If not, he will state the lowest rate at which a suitable house or rooms, approved by the Surgeon of the Regiment, can be obtained for the training period.

The report is to be sent in the latter case through the Barrack Master of the district, who, in forwarding it, will state from his experience and knowledge whether he considers the rent demanded to be reasonable; but he is not to proceed to the Station to make inquiries without directions from this Office. On the hire being approved, it will be communicated to the Officer commanding and to the Barrack Master, and the latter will supply such Hospital furniture and bedding as the Officer commanding may deem necessary, reporting the expense of carriage for sanction.

The bedding, &c., is to be duly removed at the expiration of the training period.

When it is proposed to accommodate the sick of a Regiment in a Hospital attached to Barracks, Barrack Masters will in Great Britain forward the application of the Officer commanding to the Inspector General of Fortifications: but in Ireland this application should be sent to the Deputy Quarter Master General in Dublin, agreeably to the Circular Memorandum of the 2nd August, 1858 (Enniskillen, 2—44).

HOME STATIONS.

War Office, 16th September, 1859.

THE Secretary of State for War having under his consideration the question of furnishing Officers' Mess and Ante Rooms at the public expense,

Mr. Secretary Herbert is desirous of ascertaining, in the first instance, how far it will be practicable to relieve Regiments of any furniture of the description which it is contemplated to provide, which may be already in their possession.

Commanding Royal Engineers are therefore requested to confer with Officers commanding Regiments and with Barrack Masters, and to ascertain at what Barracks in their districts Regiments are in possession of any articles (their own property, not hired) of the following description of furniture, viz. carpets, rugs, window curtains and arm-chairs.

Wherever this shall be found to be the case, and the furniture is such as can be said to be suitable to the rooms, Commanding Royal Engineers are requested to ascertain from the Officer commanding whether the Regiment will be willing to part with such furniture to the War Department at a valuation.

In cases where this shall be consented to, Commanding Royal Engineers are requested, acting in conjunction with the Officer commanding, to cause a valuation to be made by some local professional person of the present value of the furniture, item by item.

Commanding Royal Engineers will then draw up and transmit to the Inspector General of Fortifications, for the information of the Secretary of State for War, a statement showing the steps taken in each Barrack in their district, and the result of the valuation wherever such shall have been made.

They will also transmit, in a separate letter, the charge of the professional valuer who may have been employed.

JOHN ROBERT GODLEY.

To Officers commanding Regiments, Commanding Royal Engineers and Barrack Masters.

THE QUEEN has been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officer and Private of Her Majesty's Army, whose claims to the same have been submitted for Her Majesty's approval, on account of Acts of Bravery performed by them in India, as recorded against their names, viz. :—

- 78th Regiment (now of the 2nd Battalion 13th Regiment).—Lieutenant (now Captain) **ANDREW CATHCART BOGLE**.—Date of act of bravery, 29th July, 1857.—For conspicuous gallantry on the 29th July, 1857, in the attack at Oonao, in leading the way into a loop-holed house, strongly occupied by the enemy, from which a heavy fire harassed the advance of his regiment. Captain Bogle was severely wounded in this important service.
- 43rd Regiment.—Private **HENRY ADDISON**.—Date of act of bravery, 2nd January, 1859.—For gallant conduct on the 2nd of January, 1859, near Kurrereah, in defending against a large force and saving the life of Lieutenant Osborn, Political Agent, who had fallen on the ground wounded. Private Addison received two dangerous wounds and lost a leg in this gallant service.

WARRANTS, CIRCULARS, &c.

INCOME DUTY.—YEAR ENDING 5TH APRIL, 1860, INCLUSIVE.

ARMY.—(1859-60.)

War Office, 30th August, 1859.

By the Act of 22 & 23 Victoria, cap. 18, the amount to be stopped and deducted on account of Income Duty from the pay and allowances issued or becoming payable to Officers of the Army and others under the authority of the Secretary of State for War for any period or periods within the quarters ending respectively on the 30th September and on the 31st December next is to be calculated at the rate of 1s. 1d. in the pound in every instance in which the income of the person from all sources is not less than 150*l.* for the year, and at the rate of 8*d.* in the pound when the income is allowed by the Commissioners for Income Duty to be less than 150*l.*, but not less than 100*l.* a year. For periods during the quarter ending on the 31st March, 1860, Income Duty is to be calculated at the rate in force up to the 30th June last, viz., 5*d.* in the pound in every instance in which the income of the person from all sources amounts to 100*l.* and upwards.

The short deduction of tax from issues of pay already made during the present quarter is to be recovered out of the next payment to be made.

The annexed Tables, which have been framed for the purpose of calculating the above, are circulated for the guidance of Agents, Paymasters and others, who are Accountants to this Department.

Separate instructions will hereafter be issued to Agents and Paymasters as regards the mode of rendering the usual Income Duty Returns.

By Order of the Commissioners.

THE Secretary of State for War having decided that in future all new Contracts for fuel and light and straw for bedding shall be undertaken by the Commissariat Department, the same is notified for the information and guidance of Barrack Masters, who will, when called upon to do so by District Commissariat Officers, transmit to them returns showing the various articles for which Contracts will be required, giving in each case the probable quantity which will be necessary for one year's consumption, and the places at which the same must be delivered.

HOME STATIONS.

War Office, S. W., 27th September, 1859.

THE Secretary of State for War has decided that the Half-Billet Regulations shall be cancelled, and that as a rule no premises shall be hired for the accommodation of Troops otherwise than under the provisions of Circular No. 361.

As, however, urgent cases may arise rendering it inexpedient to delay such hire for the purpose of obtaining the Secretary of State's previous sanction, as ordered in paragraph 6 of the above Circular, the Officer commanding at the Station is authorized, under such circumstances, to approve provisionally of the recommendation of the Board of Officers appointed under that Circular, and, if he thinks fit, to order the Barrack Master to hire and equip premises for the accommodation of Troops. The Officer commanding will then report his proceedings, through the General of the District, to the

Quartermaster General of the Forces, in order that the covering sanction of the Secretary of State may be obtained to them; and in making his report, the Officer commanding will give a full explanation of the causes which rendered it necessary for him to act upon his own responsibility.

FOREIGN.

War Office, 28th September, 1859.

THE Secretary of State for War has had under consideration the inconvenience experienced by Officers and others of the Military Departments abroad in remitting a portion of their pay, by means of Treasury Bills, for their families in this country, and,

for the purpose of affording greater facilities for such remittances, has authorized the following arrangements:—

Officers belonging to the General or Civil Staff, who may desire to make remittances of any portion of their pay for the use of their families, should leave such portion undrawn at their respective Stations, and should report the circumstance to the Accountant-General, transmitting with such report a certificate from the Military Accountant, showing the specific sums left undrawn, and stating the names and addresses of the persons to whom they wish the payments to be made. The income tax, however, should be assessed at the Station upon the whole amount of the Officer's pay.

The Military Accountant, immediately upon the expiration of each month, will transmit to the Accountant-General a statement of all sums so left undrawn, upon the receipt of which instructions will be given for the issue of the several amounts to the persons authorized to receive the same.

Regimental Officers serving at any Foreign Station are permitted to avail themselves of the regulations for remittances from India laid down in Article No. 234 of Explanatory Directions attached to War Office Regulations of 1848, and in Circular No. 452, dated 2nd August, 1859.

Arms—6 (1859).—Aide-flags.

Horse Guards, S. W., 6th October, 1859.

In consequence of its having been found that the barrels of the rifled muskets become damaged by the insertion therein of the staff of the Battalion Aide-flags, the General Commanding in Chief has had an Aide-flag prepared, which is provided with a socket for the purpose of fitting over the muzzle of the rifle; and His Royal Highness desires that Commanding Officers will furnish themselves with the articles in question in strict conformity to the pattern lodged in the Adjutant General's Department for the inspection of regimental tradesmen, and for general information and guidance.

The cost of each socket ought not to exceed 1s. or 1s. 6d., and they ought to be made so as to yield readily to any accidental blow, and thus avoid injury to the barrel.

By Command.

G. A. WETHERALL,
Adjutant General.

CIRCULAR MEMORANDUM,

Addressed to General Officers and Officers commanding Regiments and Depôts of Infantry at Home.

General No. 194.

Clothing and Dress—4 (1859).

Horse Guards, S. W., 17th October, 1859.

THE Secretary of State for War having consented to issue one pair of leather leggings biennially, as an article of clothing, to each Non-commissioned Officer and Soldier of the Foot Guards and Regiments of Infantry of the Line serving at home, and also to Depôts of Regiments serving at home and in the Colonies, His Royal Highness the General Commanding in Chief desires that the attention of Commanding Officers may be called to the following observations:—

The leather leggings are to be worn over the trousers, which should be pulled up to the top of the boot, and be neatly folded round the leg.

They are not intended to be worn at all times, but at the discretion of Commanding Officers, who will bear in mind that the object in view is to protect the lower part of the trousers in wet and muddy weather, and that if they become worn out before the expiration of two years, they must be replaced at the expense of the men.

The leggings are not to be worn when the men are off duty. In Camps and Garrisons they will be worn at guard mounting when considered necessary.

The leggings issued to Depôts of Regiments in the Colonies are not to be taken abroad.

By Command.

G. A. WETHERALL,
Adjutant General.

GENERAL ORDER. No. 735.

Horse Guards, S. W., 7th October, 1859.

His Royal Highness the General Commanding in Chief is pleased to approve of General Officers commanding Districts and Divisions in *Great Britain*, and Officers commanding in Garrisons not included in any Military District, granting leave of absence to Officers and furloughs to Non-commissioned Officers and Soldiers, under the following regulations and restrictions, viz. :—

1. Leave of absence granted under this order to Officers may commence as soon as the Half-yearly Inspection shall have been made. Furloughs granted to Non-commissioned Officers and Soldiers may commence from the 1st of the next month.
2. These indulgences are to terminate on the 10th of March next, when, agreeably to Her Majesty's Regulations, all Officers and Soldiers are to be present with their respective Regiments and Depôts.
3. One Field Officer, one-half of the Captains and one-half of the Subaltern Officers are always to be present.
4. No Officer (except in the performance of duty or for the purpose of joining his Regiment) is to quit the United Kingdom without having first received Her Majesty's special permission, according to the regulation on that head.
5. Officers employed on the Recruiting Service or upon the Staff of the Army are not to be included in the number hereby fixed for the constant duty of the Regiment or Depôt.
6. The applications for leave for Regimental Paymasters and Medical Officers are to continue to be made in the mode prescribed in the Regulations and Orders for the Army.
7. In cases of short leave of absence being requested by Adjutants, Riding Masters, Quartermasters or Veterinary Surgeons of Regiments, it will be necessary that a special report be made as to the mode in which their duties are to be performed during their absence, and that the Commanding Officer is satisfied.

8. The proportion of Non-commissioned Officers, Trumpeters, Drummers and Private Men, to whom furloughs may be granted, is not to exceed ten per Troop or Company. Commanding Officers of Regiments returning from India may exercise a liberal discretion in granting furloughs to Soldiers who came home with their Corps.

When Corps are not stationed in Garrisons or Military Districts, the Officers commanding are at liberty to use their discretion in granting the indulgence of leave of absence under the foregoing restrictions to the Officers and Soldiers under their command, reporting the same to the Adjutant General.

His Royal Highness expects that the General and other Officers, who are empowered to grant leave of absence under the provisions of this order, will strictly confine that grant to the proportion of Officers herein specified.

By Command of HIS ROYAL HIGHNESS

THE GENERAL COMMANDING IN CHIEF.

G. A. WETHERALL,

Adjutant General.

V.—General No. 509.

MY LORD,

War Office, 14th October, 1859.

I HAVE the honor to inform you that Her Majesty's Government have determined to issue immediately to Rifle Volunteer Corps an additional supply of long Enfield rifles (pattern 1853) to the extent of twenty-five per cent. on the effective strength of the Corps. This supply will raise the aggregate issue to fifty per cent. on the effective strength of the Force; and I have to request that you will be good enough to communicate this decision of the Government to the Commanding Officers of the various Corps in your county, who should at once forward the prescribed requisitions to this Office for such portion of the supply as they may be entitled to under the regulations.

At a later period I shall be prepared to issue a third instalment of arms of the same pattern as the fifty per cent. now granted. And I hope to be in a position, in the course of next summer, to supply the short rifles with sword bayonet, to a limited extent, in exchange for the long one at present issued.

I have the honor to add that the amount of ammunition for effective members to be issued at cost price, on the requisition of the Commanding Officer, is raised from 100 rounds ball per man, 60 ditto blank per man, 176 percussion caps per man, 20 percussion caps per man for snapping practice, as laid down in the Memorandum of 13th July, to 200 rounds ball per man, 120 rounds blank per man, 352 percussion caps per man, 40 percussion caps per man for snapping practice.

I have the honor to be, my Lord,

Your obedient Servant,

Her Majesty's Lord Lieutenant for —.

SIDNEY HERBERT.

REGULATIONS FOR THE ADMISSION OF GENTLEMEN CADETS TO THE ROYAL MILITARY ACADEMY, WOOLWICH.

Horse Guards, S. W., 1st October, 1859.

N.B.—ALL Candidates for Commissions in the Royal Artillery and Royal Engineers are required to go through a course of instruction at the Royal Military Academy.

I. Competitive Examinations for admission will be held in London twice a year, in January and July. They are conducted by Examiners appointed for the purpose, in the presence and under the superintendence of the Council of Military Education.

The Candidates must be between sixteen and twenty years of age.

II. The admissions will be determined by the result of a competitive examination, the subjects of which will be as follows, viz. :—

| | | Marks. |
|---|--|-------------|
| 1. Mathematics | { Pure | 2,000 |
| | { Mixed, i. e. Statics, Dynamics and Hydrostatics | 1,500 |

III. No Candidate will be allowed to be examined in more than five subjects of which one must be Mathematics, and no one who does not obtain at least 1,000 marks in Mathematics, of which 700 at least must be in Pure Mathematics, will be eligible for an appointment.*

From the other subjects of examination each Candidate may select any, not exceeding four in number, in which he desires to be examined; but no one will be allowed to count the marks gained in any such subject, unless those marks shall at least amount to one-sixth of the total number of marks allotted to that subject or section of a subject.

In *English*, it will be understood that by gaining one-sixth of the marks allotted to Language, Literature and Composition a Candidate will be entitled to count in the first section of the subject; and in like manner, by obtaining one-sixth of the marks allotted to History and Geography, he will be entitled to count in the second; but no amount of marks gained in one section will entitle him to count those gained in the other if below the prescribed minimum.

In *Classics*, the same rule applies as regards counting on one or other of its two sections (Latin and Greek), as has been explained in reference to the two sections of English; but, in addition, it must be further stated, that unless one-sixth of the 1,000 allotted to the Latin Language and Literature has been gained, a Candidate will not be allowed to count the marks gained in Latin History and Geography, even though above

* N.B.—The Examination in Arithmetic, Algebra, Plane Geometry, Logarithms and Plane Trigonometry will be close and searching.

the required minimum of one-sixth of the 500 marks allotted to them; and similarly as regards the Greek Language and Literature, and the Greek History and Geography.

In *Drawing* also the same rule applies as regards counting, as has been already explained in reference to the two sections of English.

In either *French* or *German*, every Candidate will be required to obtain at least 100 marks for qualification in the Language alone; and in *Geometrical Drawing* at least 50 marks, whether he takes them up as subjects in which he desires to compete or not.

It should be clearly understood by Candidates that, though only a very small qualifying test has been imposed in respect to French or German in the examination for admission, a qualification is required to be obtained at the Royal Military Academy, in either one or the other of these languages, before a Cadet can obtain his commission.

IV. No Candidate will be admitted into the Royal Military Academy unless he obtain an aggregate of at least 2,500 marks.

V. The Candidates will not, as heretofore, be restricted to the answering of one question only out of each set of three questions, but will be allowed to answer as many as the time allotted to the subject will permit.

VI. The successful Candidates will remain under instruction at the Academy for about two years and a half, or until they are sufficiently advanced in scientific knowledge to pass a satisfactory examination, and they will then receive commissions in the Royal Artillery or Royal Engineers. If, however, they should be found unable to qualify themselves within a reasonable time in their professional studies, or to acquire a sufficient proficiency in Military Exercises, they will be subject to removal.

VII. Each Cadet on joining the Academy will be required to pay a sum of 25*l.* to cover the expense of Uniform, Books, &c., and to produce the following articles, which must afterwards be kept up at his own expense, viz. :—

| | |
|-------------------------|--------------------------|
| 9 White Shirts. | 1 Clothes Brush. |
| 4 Flannel Waistcoats. | 2 Combs and Brush. |
| 9 Pair of Socks. | 1 Bible and Prayer Book. |
| 6 Pair of Drawers. | 1 Looking Glass. |
| 9 Pocket Handkerchiefs. | 1 Portmanteau. |
| 6 Towels. | |

He will also be required to pay a contribution of 62*l.* 10*s.* payable in advance, for each half-year of the time during which he remains at the Academy. The annual contributions, however, for sons and orphans of Naval and Military Officers will be regulated at the following rates, as heretofore :—

| | |
|--|-----|
| For sons of Admirals and of Generals having Regiments | £80 |
| For sons of Generals without Regiments | 70 |
| For sons of Captains and Commanders of the Navy, and of Colonels and Regimental Field Officers of the Army | 60 |
| For sons of all Officers of the Army and Navy under the above Ranks | 40 |
| For sons of Officers of the Army and Navy who have died in the service, and whose families are proved to be left in pecuniary distress | 20 |

The sons of General Officers paid only on their Commissions as Field Officers will pay the same contribution as the sons of Field Officers.

The sons of Officers on full or half-pay will pay alike; but the sons of Officers who have voluntarily retired on half-pay, or received the *difference*, will only be admitted on the terms prescribed for the sons of private gentlemen, viz. 125*l.* per annum.

The sons of Officers of the Civil Departments of the Army are admissible to the Academy upon the same terms as those prescribed for Naval and Military Officers.

VIII. Any gentleman who wishes to present himself at one of the half-yearly Examinations must send in his name to the Military Secretary at the Horse Guards one month before the time of Examination, forwarding with his application to be noted the following papers :—

- 1st. An extract from the register of his baptism, or, in default of that, a certificate verified by affidavit.
- 2nd. A certificate of good moral character, signed by a clergyman of the parish to which he belongs, and by the tutor or head of the school or college at which he has received his education for at least two years, or such other proof of good moral character as will be satisfactory to the Commander in Chief.
- 3rd. A statement of the Subjects of Examination in which (in addition to Mathematics) he may desire to be examined.

A Candidate who has been examined before, when he applies for leave to present himself again will only be required to forward the list of subjects he selects, and a

certificate from his tutor or head of school, &c., for the interval between the two examinations.

XI. The Candidates will be inspected by Military Surgeons on the first day of the examination, that it may be ascertained that they are free from any bodily defects or ailments calculated to interfere with the performance of Military duties.

Extreme short-sight, or any serious defect of vision, is regarded as a disqualification.

C. YORKE,
Military Secretary.

SECTION III.

RULES FOR THE EXAMINATION OF ASSISTANT-SURGEONS PREVIOUS TO PROMOTION.

Examinations for Promotion.

THIS examination is intended as a test for promotion, and may be taken at any time after the Assistant-Surgeon has served five or more years.

When Assistant-Surgeons have served the requisite time they will be examined in the following manner:—

A series of printed questions, prepared by the Examining Board, will be sealed and sent by the Director-General to the Principal Medical Officers of Stations where Assistant-Surgeons may be eligible for examination. It will be the duty of the Principal Medical Officer of the Station to deliver these sealed questions to the Assistant-Surgeons, and to see that they are answered without the assistance of books, notes, or communication with any other person. The answers are to be signed, and delivered sealed, to the Principal Medical Officer, who is to send them unopened to the Director-General, together with a certificate from the Surgeon of the Regiment, or other superior Medical Officer, that the Assistant-Surgeon has availed himself of every opportunity of practising surgical operations on the dead body.*

The Assistant-Surgeon will also be required to transmit, together with his answers to the Director-General, a Medico-Topographical account of the Station where he may happen to be at the time, or of some other Station where he may have been resident sufficiently long to enable him to collect the necessary information for such a report. Failing this, he will send a Medico-Statistical Report of his Regiment for a period of at least twelve months.

If the Examining Board is satisfied with the replies to the questions, and the Director-General is satisfied with the certificates and with the Medico-Topographical or Statistical Report, the Assistant-Surgeon will be held qualified for promotion.

The Assistant-Surgeon will thus be subjected to three separate examinations within the first ten years of his service, each examination having a definite object. The FIRST, to ascertain, previous to his admission into the service as a candidate, his scientific and professional education, and to test his acquirements in the various branches of professional knowledge. The SECOND, after having passed through a course of special instruction in the Army Medical School, to test his knowledge of the special duties of an Army Medical Officer; and the THIRD, previous to his promotion, to ascertain that he has kept pace with the progress of Medical Science.

War Office, October 17th, 1859.

SIDNEY HERBERT.

* The Assistant-Surgeon may see this Certificate before it is sent to the Director-General.

THE VICTORIA CROSS

CONTINUED FROM

"The Monthly Army Lists" of March, June, July, October and December, 1857, January, February, May, July, September, October and November, 1858, and January, February, May, June, July, August and October, 1859.

War Office, 21st October, 1859.

THE QUEEN has been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officers and Private Soldier of Her Majesty's Indian Military Forces, whose claims to the same have been submitted for Her Majesty's approval, on account of Acts of Bravery performed by them in India, as recorded against their several names, viz. :—

5th Bengal European Cavalry.—Major CHARLES JOHN STANLEY GOUGH.—Dates of acts of bravery, 15th and 18th August, 1857, 27th January and 23rd February, 1858.—First, for gallantry in an affair at Khurkoddah, near Rhotuck, on the 15th of August, 1857, in which he saved his brother, who was wounded, and killed two of the enemy. Secondly, for gallantry on the 18th of August, when he led a Troop of the Guide Cavalry in a charge, and cut down two of the enemy's sowars, with one of whom he had a desperate hand to hand combat. Thirdly, for gallantry on the 27th of January, 1858, at Shumshabad, where, in a charge, he attacked one of the enemy's leaders, and pierced him with his sword, which was carried out of his hand in the mêlée. He defended himself with his revolver, and shot two of the enemy. Fourthly, for gallantry on the 23rd of February, at Meangunge, where he came to the assistance of Brevet Major O. H. St. George Anson, and killed his opponent, immediately afterwards cutting down another of the enemy in the same gallant manner.

60th Bengal Native Infantry.—Brevet Captain ROBERT HAYDON SHEBBEARE.—Date of act of bravery, 14th September, 1857.—For distinguished gallantry at the head of the Guides with the 4th column of assault at Delhi, on the 14th of September, 1857, when, after twice charging beneath the wall of the loopholed Seral, it was found impossible, owing to the murderous fire, to attain the breach. Captain (then Lieutenant) Shebbeare endeavoured to reorganise the men; but one-third of the Europeans having fallen, his efforts to do so failed. He then conducted the rear guard of the retreat across the canal most successfully. He was most miraculously preserved through the affair, but yet left the field with one bullet through his cheek and a bad scalp wound along the back of the head from another.

19th Madras Native Infantry.—Captain HERBERT MACKWORTH CLOGSTOUN.—Date of act of bravery, 15th January, 1859.—For conspicuous bravery in charging the rebels into Chichumbah with only eight men of his Regiment (the 2nd Cavalry Hyderabad Contingent), compelling them to re-enter the town, and finally to abandon their plunder. He was severely wounded himself, and lost seven out of the eight men who accompanied him.

72nd Bengal Native Infantry.—Lieutenant HARRY HAMMON LYSER.—Date of act of bravery, 23rd May, 1858.—For gallantly charging and breaking, singly, a skirmishing square of the retreating Rebel Army from Calpee, and killing two or three Sepoys in the conflict. Major General Sir Hugh Henry Rose, G.C.B., reports that this act of bravery was witnessed by himself and by Lieut. Colonel Gail, C.B., of the 14th Light Dragoons.

Madras Engineers.—Lieutenant **HARRY NORTH DALRYMPLE PRENDERGAST.**—Dates of acts of bravery, 21st November, 1857, and other occasions.—For conspicuous bravery on the 21st November, 1857, at Mundisore, in saving the life of Lieutenant G. Dew, 14th Light Dragoons, at the risk of his own, by attempting to cut down a Velattee, who covered him (Lieutenant Dew) with his piece, from only a few paces to the rear. Lieutenant Prendergast was wounded in this affair by the discharge of the piece, and would probably have been cut down had not the rebel been killed by Major Orr. He also distinguished himself by his gallantry in the actions at Ratgurrh and Betwa, when he was severely wounded. Major General Sir Hugh Rose, in forwarding his recommendation to this Officer, states:—"Lieutenant Prendergast, Madras Engineers, was specially mentioned by Brigadier, now Sir Charles Stuart, for the gallant act at Mundisore, when he was severely wounded. Secondly, he was 'specially mentioned' by me when acting voluntarily as my Aide-de-Camp in the action before besieging Ratgurrh, on the Beena river, for gallant conduct. His horse was killed on that occasion. Thirdly, at the action of 'The Betwa,' he again voluntarily acted as my Aide-de-Camp, and distinguished himself by his bravery in the charge which I made with Captain Need's Troop, Her Majesty's 14th Light Dragoons, against the left of the so-called Peishwa's Army, under Tantia Topee. He was severely wounded on that occasion."

3rd Bombay European Regiment.—Private **FREDERICK WHIRLPOOL.**—Dates of acts of bravery, 3rd April and 2nd May, 1858.—For gallantly volunteering on the 3rd of April, 1858, in the attack of Jhansi, to return and carry away several killed and wounded, which he did twice under a very heavy fire from the wall; also for devoted bravery at the assault of Lohari on the 2nd of May, 1858, in rushing to the rescue of Lieutenant Doune, of the Regiment, who was dangerously wounded. In this service Private Whirlpool received seventeen desperate wounds, one of which nearly severed his head from his body. The gallant example shown by this man is considered to have greatly contributed to the success of the day.

MEMORANDUM.

Ensign Everard Aloysius Lisle Phillips, of the 11th Regiment of Bengal Native Infantry, would have been recommended to Her Majesty for the Decoration of "The Victoria Cross," had he survived, for many gallant deeds which he performed during the Siege of Delhi, during which he was wounded three times. At the assault of that city he captured the Water Bastion, with a small party of men, and was finally killed in the streets of Delhi on the 18th of September.

ARTIFICIAL ARMS AND LEGS.

THE Lords and others Commissioners of Chelsea Hospital having at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force :

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realm.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

ARTIFICIAL ARMS AND LEGS.

THE Lords and others Commissioners of Chelsea Hospital having at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force :

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country, or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

(Signed) CLARENDON.

18. All Non-commissioned Officers and Privates of this Corps shall be liable to be discharged from the service at any time that our Commander in Chief shall think fit, without any claim for compensation beyond that mentioned in Article 11.

19. In all points not specifically detailed, nor provided for, in these rules and regulations, the Non-Commissioned Officers and Privates of this Corps shall be subject to all the rules and regulations affecting the other corps of our army.

20. The Commissariat Staff Corps shall be under the direction of the Commissary General in Chief, who shall select an Officer of the Commissariat to act as General Staff Officer of the Corps. This Officer shall be charged with the general superintendence of the Corps, and the preservation of its records, and all correspondence connected with the Corps shall be addressed to him.

(MAGIC LANTERN SLIDES.)

SIR,

War Office, 1st November, 1859.

I AM directed by Mr. Secretary Herbert to inform you that arrangements have been made to provide a regular supply of Magic Lantern Slides for the illustration of the Lectures that may be given to the Troops under your command on the subjects specified in the accompanying list, No. 3.

To insure regularity in the circulation of the boxes of slides, the following regulations have been drawn up for the guidance of those to whom the boxes may be entrusted:—

1. The boxes are to be sent to the Stations specified in the accompanying list, No. 4.
2. No box is to be kept at any Station longer than three weeks.
3. At the end of the three weeks each box is to be forwarded to the Station next in order on the list.
4. As soon as a box has been forwarded, the Form No. 1, properly filled up, is to be sent to the address given at the bottom of the form.
5. The Form No. 2 is to be filled up and sent to the same address on the receipt of a box of slides.
6. When any of the slides are broken or injured, full particulars respecting the damage done are to be written on the margin of Form No. 2.
7. The slides must be carefully placed in each box, and the spaces between the slides and the sides of the box filled up with the wool which has been supplied for this purpose. The slides must be properly packed to prevent breakage in the transit.
8. Each box is to be carefully locked, wrapped up in strong paper and addressed to

The Officer Commanding,

Camp, Depôt, &c.,

[Town or City.]

[County or Country.]

On the upper left hand corner of the box insert

"Magic Lantern Slides,"

and on the lower left hand corner,

"Per Rail, &c."

9. As some of the keys of the circulating boxes have been lost, a pass-key will in future be sent to the Schoolmaster of each of the Camps, Garrisons &c., to which the boxes of slides will be transmitted. This pass-key is to form a part of the School property; and when a Schoolmaster is moved to another Station, he is to transfer the key and any boxes that may be in his possession to his successor. Should a pass-key be lost by any Master, he must provide a new one at his own expense.

10. The circulation of the boxes is to cease on 1st April, 1860, and to re-commence on the 10th day of October.

11. That the Lecturer may have the means of obtaining the information necessary for the various lectures, suitable text books, a list of which is enclosed, No. 3, will be supplied to such of the libraries, at the Stations among which slides will henceforward circulate, as do not already possess them. As the boxes are transmitted to the Stations

in succession, each Schoolmaster will find, on referring to the list, the subject on which he will have to lecture when the next box of slides shall reach the Station to which he is attached.

12. All communications respecting the magic lanterns, the lectures, &c., are to be addressed to

Walter McLeod, Esq.,
Royal Military Asylum,
Chelsea,
London, S.W.

13. The following hints may be useful to Lecturers:—

(1.) As a general rule, it is not advisable that the Lectures should exceed an hour in delivery.

(2.) The lectures should be made as interesting as possible. Statistical and dry details ought to be omitted, unless the Lecturer considers it absolutely necessary that such should be mentioned for the sake of illustration or comparison.

(3.) All explanations should be in clear and simple language; but, where technical and scientific terms are necessary, they should be explained and rendered as intelligible as possible, having reference to the class the Lecturer is addressing.

General No. 1096.

CIRCULAR, No. 498.

SIR,

War Office, 7th November, 1859.

HAVING, in conjunction with His Royal Highness the General Commanding in Chief, considered that the existing arrangements for maintaining the stores in possession of the Commanding Officer Royal Artillery and the Military Storekeeper in a state of perfect efficiency require revision, I have the honor to transmit for your information and guidance the enclosed amended regulations, which contain:—

1. Special directions and heads of inquiry, to be substituted for those relating to the *Artillery and Store Branches*, inserted in Circular of the 19th October, 1857, No. 156.
2. Regulations relative to the office and duties of the "Inspectors of Warlike Stores and Fire Masters" at Foreign Stations.
3. Form of the yearly Inspection Report of the General Commanding on the Military Store Branch.
- 4, 5, 6. Instructions to Officers taking surveys and remains of stores, in charge of the Military Storekeepers.

As you are responsible for the efficiency in every particular of the Garrison under

CIRCULAR, No. 498—continued.

your command, I am of opinion that by a close attention to the duties of inspection as prescribed by this Circular, you will be able at all times to satisfy yourself as to the state of the Stores in charge of the Officer commanding Royal Artillery and the Military Storekeeper.

I have the honor to be, Sir,
Your obedient servant,

The General or other Officer commanding
the Forces at —.

SIDNEY HERBERT.

REGULATIONS FOR THE CUSTODY AND INSPECTION OF WARLIKE STORES, &c.

No. 1.—The following SPECIAL DIRECTIONS and HEADS OF INQUIRY are substituted for those relating to the ARTILLERY and STORE BRANCHES inserted in Circular 19th October, 1857, No. 156.

Artillery Branch.

1. Are the ordnance, carriages and traversing platforms mounted on the several defences kept in serviceable condition and working order, and, with their proportions of side arms and small stores, under proper military protection? Do any of the carriages want painting, or the guns or shot lacquering? and when was this last done to them?

2. What are the proportions of made-up ammunition allotted for immediate service of the mounted ordnance? Is this quantity, in your opinion, sufficient? What quantity is loose in the bays? and how much made up in cases or barrels? Are the expense magazines in proper condition, and under adequate military protection? Are they bomb proof?

3. Are the service field guns, with their carriages, ammunition and equipments, in efficient condition, and under suitable cover and protection?

4. Are the military stores in possession of the Commanding Officer of Artillery of a thoroughly efficient and serviceable character, in every respect fit for the requirements of the service, and in just proportions? If there is excess or defect of any articles, enumerate them.

Military Store Branch.

1. *Annual Surveys.*—With a view to ascertaining the state and number of the stores actually in possession of the Military Storekeeper, you will each year, or oftener if required, appoint a properly qualified officer (*to be assisted in the duty by Naval and Military Officers*) for the purpose of effecting a survey of the stores in charge of the Military Storekeeper, who will certify as to the general condition of the stores, the way in which they are kept, and whether any portion of them is obsolete or unfit for service from any cause, and he will also certify to the general correctness of the numbers on charge, by selecting such articles as he may think proper, and causing them to be counted or weighed, so that from these examples an approximate opinion may be formed as to the state of the General Store. This survey must be held so as to enable you to report to the Secretary of State not later than the month of October in each year. (*See Instructions.*)

2. *Quinquennial Remains.*—Once in every five years, you will cause a complete remain or taking of stock to be effected in lieu of the above survey, and appoint a properly qualified officer to perform that duty. (*See Instructions.*)

3. In order to insure that all munitions of war in charge of the Commanding Officer of Artillery and Military Storekeeper are kept in a thorough state of *efficiency*, you are requested to direct the Commanding Officer Royal Artillery, and the Storekeeper, to make an inspection at least once in six months, or oftener if necessary, of all such munitions; and that this inspection may be performed effectually in every respect, they are to be assisted by a competent officer to be designated Inspector, or Assistant Inspector, of Warlike Stores, and Firemaster. (*See Regulations annexed.*) Powder, rockets, fuzes, ammunition and other combustible stores are to be subjected to the minutest examination and the requisite proof; and you are to report the results of this inspection, *in detail*, to the General Commanding in Chief, for the information of the Secretary of State for War. These inspections should be made at such periods of the

CIRCULAR, No. 498—continued.

year as will allow of the reports to arrive in England in the months of October and April.

4. In order to secure the best mutual intelligence between Departments which, in some respects, are dependent on one another, and a knowledge of each other's wants and resources, it is desirable that the Officer commanding the Royal Artillery, the Commanding Royal Engineer and the Military Storekeeper should once a year, or oftener if necessary, make a conjoint inspection of the Works, Magazines, Stores, Workshops, &c., of all their Departments, not as a Board, or with any view to a joint report, but that neither should have any excuse for not being personally acquainted with anything that the interest of the Service requires him to know in the department of the other, and for the opportunity that would thus be afforded to each of calling attention on the spot to requirements which it may be the departmental duty of the others to know. A minute of their meetings should be entered by the Military Storekeeper, as the most permanent of the three Officers, in his journal or day-book, and a certificate that such inspections have been made, stating the names of the Officers attending, and when, should be handed to you, preparatory to your making your Annual Inspection Report.

5. As the full proportion of military stores required to maintain the efficiency of the service includes those to be kept in charge of the Commanding Officer Royal Artillery, together with those held in reserve by the Military Storekeeper, these Officers will consider their respective annual demands conjointly, with reference to their united store, making due allowance for the proportion (if any) which may be required to be maintained for the Navy. Should it be needful at any intermediate periods to increase the store, or to replace any articles found defective, unserviceable or otherwise unsuited to the service, you will direct those officers to propose, in like manner, demands for your approval and transmission to the Secretary of State for War, to supply their respective wants.

6. As it is also of importance that the store of entrenching tools should be adequately maintained, the demands for them should form the subject of special consideration. The Military Storekeeper should, therefore, at the proper period of the year, communicate with the Commanding Royal Engineer on the *state* and *number* of entrenching tools and other materials of the Engineers for military operations, in store, and upon their conjoint consideration the Storekeeper's demand should be prepared and submitted for your approval. (*See Engineer Regulations*, section 9, page 44.)

7. As a general rule you are requested to see that all demands for stores, and applications for additional temporary assistance, or increase of the pay of temporary Clerks and other subordinates of the several branches, are supported by explanations sufficient, in your opinion, to warrant their transmission for the approval of the Secretary of State for War.

8. That the storehouses and magazines may be kept unencumbered by obsolete, unserviceable and useless stores, the Commanding Officer of Artillery is to return all such without delay to the Military Storekeeper, by whom they will be brought under the usual half-yearly survey with similar stores in his own charge, and steps taken, agreeably to the regulations of the service, for their disposal.

9. Your attention is requested to the General Order 19th April, 1856 (Z—1206—\$), which directs that no stores belonging to this department are to be furnished to, or for the service of, any Colonial Governments, until the sanction of the Secretary of State for War had been obtained, except upon a certificate of emergency from the Governor of the Colony, and by your authority, which should be reported; and, also, that all stores supplied to Colonial Governments are to be paid for, unless otherwise specially directed by the Secretary of State for War.

10. Your order will be required for all issues of stores not previously sanctioned by authority from this office, and you will without delay report such order to the Secretary of State, explaining at the same time your reasons for granting it.

11. The annual certificate for increase of pay for the Head of the Store Branch in your Command will in future be submitted to you for approval or otherwise as you may think fit. You will also transmit the half-yearly confidential report respecting that officer, as prescribed by Circular No. 255.

12. You will transmit answers to the several queries in the annexed form of the yearly inspection report, together with such other observations as you may think it your duty to bring to the notice of the Secretary of State for War.

B. HAWES.

CIRCULAR, No. 498—continued.

No. 2.—REGULATIONS for the Office and Duties of INSPECTORS of WARLIKE STORES and FIREMASTERS at FOREIGN STATIONS.

1. These Officers will be divided into two classes, designated—

1st. Inspector of Warlike Stores and Firemaster.

2nd. Assistant ditto ditto.

Officers of the Royal Artillery will be selected for the execution of these duties, and the appointment will be held, as a general rule, for five years. The pay of the "Inspector" will be 5s. per diem, with forage allowance for one horse; and that of the "Assistant Inspector" will be 2s. 6d. per diem, without forage, the same as that of the existing Assistant Firemaster.

2. Previously to appointment these Officers will have to pass through a course of instruction in the manufacturing departments, and receive a certificate of competency from the respective Superintendents.

3. They will be stationed as follows :—

| | |
|--|--|
| Inspectors of Warlike Stores and Firemaster. | { Barbadoes. Cape Town. Gibraltar. Halifax, N.S. Hong Kong. Malta. Quebec. |
| Assistant Inspectors of Warlike Stores and Firemaster. | { Corfu. Mauritius. St. Helena. Ceylon. Bermuda. |

4. The Inspectors and Assistant Inspectors will perform all the duties hitherto performed by the Assistant Firemaster, and also effect, or supervise, if effected by the Military Storekeeper, any repair which it may be desirable to execute at the stations in the fitting of guns or in carriages, &c. In these duties of manufacture or repair, these officers will communicate with, and be under the direction of the Superintendents of the Manufacturing Departments concerned, while, as respects their duties as Inspectors, they will be under the orders of the Commanding Officer of Royal Artillery.

5. It will be their duty to assist the Commanding Officer of Royal Artillery and Military Storekeeper in the half-yearly or other inspection of munitions of war, in charge of the Commanding Officer of Royal Artillery and the Military Storekeeper.

6. They will prepare the annual report of the proof of powder, and transmit it to the Superintendent of Royal Gunpowder Factory at Waltham Abbey, in time to arrive in England in the month of October in each year.

7. The annual proof report of powder is to be countersigned by the Military Storekeeper, to show that he has been made acquainted with the state of the powder in his charge, and thus enabled to take steps, with the sanction of the General Commanding, to replace such quantities found unserviceable (if any) as may be necessary.

8. The general duties of these Officers as Firemasters of the laboratories at foreign stations, will be to repair or remake laboratory stores, or to manufacture such as may be wanted on emergencies, when time will not allow of supplies from England, and to attend carefully to the condition of all combustibles in the different magazines at the station or within the command, viz. :—

Powder in barrels, or made up into cartridges.

Small-arm ammunition, ball and blank.

Shells, carcasses, rockets, fuzes, tubes.

Composition of sorts.

Portfires, quickmatch, &c. &c. &c.

9. They will from time to time inspect the magazines to ascertain that the regulations as to stowage, ventilation, &c. are properly observed.

10. Previously to any issues of the before-mentioned stores for service, they will, on the requisition of the Military Storekeeper, examine them, and ascertain that they are in a serviceable state and fit for issue.

11. In like manner, on the return of any of these Stores from ships of war or any other service, they will be called upon to examine and certify their state and condition, in order that they may be correctly brought upon the Storekeeper's charge.

CIRCULAR, No. 498—continued.

12. Stores will be made, remade or repaired by them, so far as the means of the Station afford, on the requisition of the Military Storekeeper, sanctioned by the General or other Officer commanding the Troops.

13. The only articles to remain in the permanent charge of these Officers are implements for use, and such few materials as may be necessary for departmental purposes, which should be annually demanded through the Military Storekeeper, who will incorporate them, with the demands from other services at the Station, in his annual demand transmitted to the Secretary of State for War.

14. These Officers will keep a *Store Ledger*, showing all the tools, implements, &c. in use; the materials received and converted in the manufacture or repair of Stores; also the number of Stores delivered to the Military Storekeeper. A copy of this ledger is to be transmitted, with its vouchers, for examination to the Secretary of State for War, on the 31st March in each year.

15. All Stores made, repaired or examined are to be immediately delivered to the Military Storekeeper, in order that the total available charge at the Station may be distinctly shown in the aggregate of the accounts of the latter Officer.

16. The Inspector of Warlike Stores and Firemaster is to report quarterly to the Superintendents of the respective manufacturing departments, for the information of the Secretary of State for War, the work performed under his direction, the number of persons employed and the materials expended, agreeably to the regulations, Form "Foreign E.," "W. O., No. 1,158."

17. All vouchers for expenditure incurred by the Inspector of Warlike Stores and Firemaster, whether in the purchase of materials or in pay on wages, will, as directed in Art. 16 of "Instructions for the Conduct of Cash Business of the War Office abroad," dated 19th October, 1857, with respect to the executive Officers, be prepared by them and transmitted to the Military Accountant, with an order thereon for payment in the prescribed form.

18. In order that full and accurate knowledge of the peculiarities of these Stores may be available for the information of the Storekeepers, Inspectors and other Officers concerned, patterns or lithograph drawings of all new or altered munitions of war, with descriptions of their natures and the services to which they can be applied, will be sent with the first supply. These are to be kept in charge of the Military Storekeeper, properly arranged for inspection, with an alphabetical list thereof, showing the dates of approval and when received, together with such other explanatory information as may be necessary.

19. As the responsibilities of the Inspectors and Military Storekeepers are distinct and independent, whilst their duties are very closely connected, it is essential that a cordial co-operation be maintained in all their arrangements necessary for the due performance of these important services.

GENERAL OBSERVATIONS.

The Secretary of State for War,
&c. &c. &c.

(Signature.)

No. 4.—INSTRUCTIONS to —, nominated by —, to take the SURVEY OF STORES in Charge of —, Military Storekeeper at —, under the Circular Order of the Secretary of State for War, dated —, 1859, No. —.

Dated —, 18—.

1. Having nominated you to act in behalf of Her Majesty's Secretary of State for War, you are to join in a survey to be taken of all the Military Stores in charge of

—, the Senior Military Store Officer at —, in which duty that Officer is to participate. For the Naval Stores a Naval Officer, and for the Military Stores a combatant Military Officer will be added to the committee; if it so happen that any one or more of such additional Officers do not attend to form a part of the committee, the survey is to proceed without them; *but the reason of any absence is to be noted in your report to me.*

2. Having apprised the Admiral or Senior Naval Officer at the Station that a survey is about to be taken, and requested him to appoint a Naval Officer to assist in this duty, you will meet the Officer whom he may nominate at the Military Store Office at the time ordered for its commencement.

3. Although, the survey is not intended to be *minute* stock-taking, you will nevertheless take care to satisfy yourself *generally* that the apparent numbers or quantities correspond in your opinion with the figures expressed in the Store Ledger; you will therefore have recourse to a tally, to the scales or the measure as often as you may think it necessary to verify the exact quantity. For instance, you will count cases or packages of arms or of any other articles, first ascertaining the contents of one, two or three cases taken *indiscriminately* from the whole, and you will estimate on these data the whole quantity or number of the articles. With respect to loose articles you will select such as you may think proper to count, weigh or measure for comparison.

4. When the survey shall be completed, a report is to be prepared, stating that in the opinion of the committee the several Stores enumerated in the ledger are actually on the War Department premises at the Station or otherwise, as it may be found, and a list is to be added of such Stores as have been actually compared with the ledger, showing their agreement or disagreement, as the case may be. This report is to be signed by all present at the survey, and will terminate the labours of the committee.

5. You will by every means in your power endeavour to close the survey in as short a time as the nature of the duty will allow.

6. You will be particular at the first assembling of the committee to present these instructions for the perusal of every Officer who is to co-operate in the survey as a member of the committee.

7. You will be further guided in the survey by the Ordnance Regulations, more especially as laid down in the following Orders, which the Military Storekeeper will produce for your information, viz.:—23rd April, 1823; 23rd July, 1827 (S.—4,318); 11th July, 1847 (E.—2,442); 15th August, 1853 (H.—161). And you will ascertain and state in your report whether the Military Store Officer adheres to the Regulations or not.

(Signature.)

No. 5.—INSTRUCTIONS for the more immediate Guidance of the Officers appointed to conduct the SURVEY OF STORES in Charge of the Military Storekeeper at —, under the Circular Order of the Secretary of State for War, dated —, 1859, No. —.

Dated —.

The Naval and Military Officers—

Will satisfy themselves as to the state of the Stores, and report whether *they are or are not*, to the best of their belief, in good condition and fit and ready for immediate issue for service.

The Gentleman who acts on behalf of the Secretary of State for War—

After the survey shall have closed, will ascertain from the Senior Military Store Officer whether the quantity of Stores in his charge is sufficient to meet the probable wants of the Service; the particular articles, if any, that may be considered surplus and available for service at other Stations, as also any that may be wanted to complete the Stores to their proper proportions. These particulars he will specify in a report to me, enclosing the list or list of Stores which the committee shall have examined by tally or otherwise. He will state in this report the time when the survey commenced, and when it ended, adding any observations about it which he may think fit.

He will further report how far in his opinion the amount of Stores and the arrangements for the stowage and the security of the Stores are proper and sufficient; also whether the Stores are in good condition and well kept, or otherwise. Should any of the buildings be in a dilapidated state, and the Stores likely to be injured thereby, and should he understand, by enquiry of the Senior Military Store Officer, that no steps have been taken towards effecting the necessary repairs, he will note the same on a

which the total may be affected. It is to be posted from one of the day books, and examined at the end of the remain *with your book and the books kept by the other persons* employed on this service; and from such ledger collected accounts are to be made out, in *original and duplicate* showing the total of every article in Store and actually in charge of the Military Store Officer on the day the remain closes. All the parties concerned in taking this remain are to sign these collected accounts, and the Senior Military Store Officer is to give a receipt on such accounts, acknowledging himself to have been put in possession of the several articles therein enumerated. The articles are to be alphabetically arranged in the collected accounts. One account is to be left with the Senior Military Store Officer, and the other account transmitted with *your day book* to me for transmission to the Secretary of State for War.

5. As the remains henceforth to be taken are not intended to include surveys of Stores, it will be sufficient in respect to any articles, which appear to be in a worse condition than that in which they stand on charge, that they be laid aside or marked for the purpose of being submitted (at the earliest opportunity after closing the remain) to such a Board of Survey as is required by the Regulations of 19th April, 1821; but, nevertheless, they are to be taken in the remain as they stand on charge, and so included in the account.

6. In addition to the detailed list of Stores taken on the remain, you are also to transmit a separate list of any of the articles included in the detailed list which may be considered to be *obsolete*, or as regards which there is not any probability that they will be required for the Service; and you will note thereon the reasons for arriving at such conclusion.

7. You will also take an account, and insert it at the end of the charge, of all the official books, articles in use, fixtures and furniture of the Military Store Officers' Department belonging to the public.

(Signature.)

NOTE.—This remain to be held in time to enable the report to be sent to the Secretary of State not later than the month of October.

CIRCULAR, No. 499.

SIR,

War Office, 7th November, 1859.

1. I AM directed by the Secretary of State for War to transmit for your information and guidance the Circular, dated 7th November, 1859, No. 498,* addressed to the General or other Officer commanding the Forces, and to desire your special attention to the several subjects to which it refers, in order that, so far as you are concerned, the important object in view may be effected, which is to promote the best possible management of the Stores in your charge, and to secure their being preserved in a state of perfect efficiency and maintained in sufficient proportions to meet the probable wants of the Service.

2. I am to refer in particular to the 18th Clause of the "Regulations" for the Inspectors of Warlike Stores and Firemasters relative to the series of patterns and drawings of new and altered Stores, which from time to time will be placed in your charge, and to desire that the Military Store Officers and Clerks belonging to the Department under your charge will make themselves thoroughly acquainted with all changes in these and other descriptions of Stores, especially such as constitute the munitions of war, so as to be perfectly familiar with the latest patterns.

3. It is to be understood that this knowledge must not be superficial, but of that practical and minute character which will enable them to give the fullest detail of the different uses and services to which the various kinds of Stores may be applied, and to distinguish clearly such as have become obsolete from those which are still current in the Service.

4. The Secretary of State for War desires that you will impress upon the Officers serving under you, that as Military Store Officers their future advancement will much depend upon the extent and accuracy of their acquaintance with these important par-

ticulars and their general knowledge of the regulations which govern the duties of their Department.

5. This practical knowledge is the more imperative, as the Officers of the Military Store Service will in future accompany the Army to the Field in the place of the Commissaries of the Field Train Department.

6. You will consider it an important part of your duty as Storekeeper to make yourself thoroughly acquainted with the condition of all the Stores in your charge by as much personal attention as possible, and by exacting full and correct reports from your subordinate Officers, artificers and foremen. For this purpose you will, moreover, carefully avail yourself of the periodical surveys and inspections to bring under special notice all tools, implements or other articles which may be in any way doubtful; whether it be as to unfitness of pattern, bad workmanship or deterioration of condition, it being of the utmost importance to the Service and to yourself that no well-founded complaint should be made by any Department respecting the Stores with which you have supplied them.

7. You will demand from time to time a supply of the forms of the Annual Inspection Report and Instructions for taking the periodical surveys and remains for the use of the General Officer commanding.

8. Whenever a General Remain of the Stores at your Station shall be taken, you will attend to the directions contained in the Circular, dated 26th November, 1857, No. 178, respecting the balancing of your ledger and other particulars connected with the settlement of your charge up to the date of such remain.

I am, Sir, your obedient Servant,

THE Secretary of State for War having had under consideration the question, whether leases for letting War Department property at Foreign Stations should more properly be signed by the Commanding Royal Engineers or by the Comptrollers of Army Expenditure, has decided that, as it is the especial duty of the latter Officers to enter into all contracts, leases should be signed by them.

The Powers of Attorney at present held by Commanding Engineers are therefore cancelled, and similar powers will be issued to Comptrollers of Army Expenditure.

GENERAL ORDER. No. 736.

Horse Guards, S. W., 1st November, 1859.

HER Majesty having been pleased to approve of an augmentation to the Royal Artillery, of—

1 Major,
7 Captains,
8 Lieutenants,
1 Serjeant Major,
1 Quarter Master Serjeant,

5 Staff Serjeants,
24 Serjeants,
6 Corporals,
9 Bombardiers,

for the purpose of forming a new Brigade, to be called "The Coast Brigade of Artillery," the present Invalid Artillery being amalgamated therewith, His Royal Highness the General Commanding in Chief has much pleasure in notifying the same to the Royal Artillery; and as the appointments to this Brigade, both in Officers and Non-commissioned Officers as well as Gunners, will be given as a reward for good and faithful service, His Royal Highness hopes that the additional advantages thus offered will be met, on the part of those appointed, with a corresponding amount of zeal and attention, and that the very important duties which will devolve upon every individual in the Brigade will be performed in a manner worthy of commendation and calculated to reflect credit upon the Regiment.

As its name implies, the Coast Brigade will be distributed amongst the Forts, Batteries and Towers of the United Kingdom; and in addition to the duties now performed by the Invalid Non-Commissioned Officers and Gunners, will be required to afford instruction in Gunnery to the various Regiments of Militia and Volunteer Artillery Companies, as may from time to time be necessary.

The Officers of the Brigade will be stationed at convenient distances along the Coast, and will have the entire charge (under the Commanding Officers of Artillery) of the Districts allotted to them, the Master Gunners in which will be placed under their orders.

The Brigade will be composed of eight Divisions, each under a Captain, who will be responsible for everything connected with the pay and subsistence, as well as the discipline and instruction, of the men belonging to it; and he will be required to visit his detached parties from time to time to satisfy himself that every attention is paid to keeping the Guns, Ammunition, Stores, &c. in proper order, and the men in a state of efficiency.

As the men belonging to the Brigade will be old soldiers perfectly acquainted with their drills and exercises, His Royal Highness does not desire that they should be constantly drilled the same as recruits, but that they may be sufficiently so during every week to keep them thoroughly conversant with and efficient in the discharge of their duties; whilst the fact of their being accustomed to Stores, &c. will lead His Royal Highness to expect that every article in charge, and the several magazines, &c., will be kept in the very highest order.

The instruction of Volunteer Artillery Companies will be one of the principal duties required of the Brigade, and too much attention cannot be paid to uniformity in the manner of imparting instruction, and the Officers will be expected to take a lively interest in this important duty, and be ready at all times to afford every information on Artillery subjects to the Volunteers, who, living in the neighbourhood, will doubtless avail themselves of this means of acquiring much interesting knowledge in the science of Gunnery beyond that of the mere drill and exercises in the use of ordnance, which should, however, be made as comprehensive as possible.

In making these observations, His Royal Highness by no means wishes it to be supposed that every point has been touched on, as there are many subjects of minor detail which will suggest themselves to the Officers, and others of a local description which it would be impossible to treat of in a General Order; but His Royal Highness trusts that sufficient has been advanced to give a general idea of the duties which will be required of the Brigade, and he doubts not they will be carried out in such a manner as to add to the *prestige* of the Royal Regiment of Artillery.

By Command of HIS ROYAL HIGHNESS
THE GENERAL COMMANDING IN CHIEF.

G. A. WETHERALL,
Adjutant General.

GENERAL ORDER. No. 787.

Horse Guards, S. W., 8th November, 1859.

His Royal Highness the General Commanding in Chief, having had occasion lately to remark on the unequal estimate of crime and allotment of punishment by Courts Martial, especially as regards corporal punishment, has taken this important subject under his anxious consideration, with a view to amendment and correction. With this object he has decided upon establishing a classification of soldiers, for the purpose of maintaining a distinction between the classes as regards liability to corporal punishment.

All men on entering the Army will be placed in the first class, and will not, except for aggravated mutinous conduct, be liable to corporal punishment. They will continue in the first class unless they should incur degradation into the second class, by the commission of certain crimes hereafter specified. For this purpose His Royal Highness has further decided on classifying the offences committed by soldiers under two distinct heads. Crimes under the 1st head are to be the following :—

- Absence from parade.
- Drunkenness.
- Riotous conduct in the streets.
- Absence without leave from tattoo.
- Preferring frivolous complaints.
- Disrespect to Non-commissioned Officers.
- Striking a comrade.
- Absence without leave, as defined by 51 Art. of War.
- Escaping from confinement.
- Insubordination.
- Making away with necessaries.
- Falsely imputing improper conduct to a superior.
- Sleeping on post, depending on the circumstances and nature of the service.

Crimes under the 2nd head are to be the following :—

- Desertion.
- Mutinous conduct.
- Aggravated cases of insubordination and violence.
- Drunkenness on duty, or on line of march.
- Embezzling public money
- Stealing from a comrade.
- Theft.
- Designedly maiming.
- Repeated acts of making away with necessaries, arms, accoutrements, ammunition, &c.
- Other disgraceful acts showing vicious or unnatural propensities, indecent assaults.

No man guilty of offences under the first head is to be subject to corporal punishment, except during time of War, when the Army is in the field.

Men guilty of offences under the second head, being crimes of a very serious description, will, if in the second class, be liable to corporal punishment. If, however, they are in the first class, they will, together with their other punishment, not being corporal punishment, be disgraced and passed into the second class, when they will thenceforth, on the repetition of crimes under the second head, be liable to corporal punishment, as having degraded themselves by their own bad conduct.

Uninterrupted good conduct for a year will, however, again restore the soldier from the 2nd to the 1st class, as proving a desire for reformation and amendment.

Though thus classified, it does not follow that all men under the 2nd class are to be condemned to corporal punishment.

Each case is to be decided upon its own merits, and corporal punishment as much avoided as possible; but a man who by misconduct has placed himself in the 2nd class is liable thereafter to corporal punishment, whereas the man in the 1st class is not liable to such punishment, except in the case of aggravated mutinous conduct, when severity must at once be resorted to, to repress more serious mischief resulting from such conduct.

His Royal Highness trusts that the above classification will greatly simplify, to the Officers of the Army, the method of dealing with crime; will deter the evil disposed from committing offences, justly subjecting them to severe punishment, which, though necessary to maintain discipline, should be restricted as much as possible; and will give confidence to the good soldier, by securing to him on entering Her Majesty's

Service an immunity from degrading punishment, which immunity it will be in his power to preserve to the day when his engagement shall expire.

By Command of HIS ROYAL HIGHNESS

THE GENERAL COMMANDING IN CHIEF.

G. A. WETHERALL,
Adjutant General.

GENERAL ORDER. No. 738.

Horse Guards, S. W., 25th November, 1859.

HIS ROYAL HIGHNESS the General Commanding in Chief, in calling the attention of Commanding Officers to the General Order of the 9th instant, No. 737, and in order to simplify the classification therein established, is pleased to direct that all Soldiers now serving, except those who have been convicted of felony, desertion, of repeated acts of disgraceful conduct, or of vicious and unnatural propensities and indecent assaults, shall be rated in the first class; and HIS ROYAL HIGHNESS hopes that those who have, to their own shame and that of the Army, committed other offences deserving degradation, will profit by this opportunity to redeem their character, and avert the disgrace which a perseverance in crime cannot fail to bring upon them.

Previous convictions will still be produced in evidence before Courts-Martial, to enable Courts to estimate character and award punishment.

The Officer producing former convictions will also state to what class the prisoner belongs.

When Soldiers are degraded to the second class, it will be duly notified in the Regimental Order Book, as will their restoration to the first class.

By Command of HIS ROYAL HIGHNESS

THE GENERAL COMMANDING IN CHIEF.

Adjutant General.

71st Regiment.—Private GEORGE RODGERS.—Date of act of bravery, 16th June, 1858.—For daring conduct at Marar, Gwalior, on the 16th of June, 1858, in attacking by himself a party of seven Rebels, one of whom he killed. War Office, 21st November, 1859 (Gaz. 22nd Nov.).

THE QUEEN has also been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officer, Non-commissioned Officer and Private of Her Majesty's 32nd Regiment of Foot, whose claims to the same have been submitted for Her Majesty's approval, on account of Acts of Bravery performed by them at Lucknow, in India, as recorded against their several names, viz. :—

32nd Regiment.—Lieutenant (now Brevet Major) SAMUEL HILL LAWRENCE.—Date of acts of bravery, 7th July and 26th September, 1857.—For distinguished bravery in a sortie on the 7th of July, 1857, made, as reported by Major Wilson, late Deputy Assistant Adjutant General of the Lucknow Garrison, "for the purpose of examining a house strongly held by the enemy, in order to discover whether or not a mine was being driven from it." Major Wilson states that he saw the attack, and was an eye-witness to the great personal gallantry of Major Lawrence on the occasion, he being the first person to mount the ladder, and enter the window of the house, in effecting which he had his pistol knocked out of his hand by one of the enemy. Also for distinguished gallantry in a sortie on the 26th of September, 1857, in charging with two of his men, in advance of his Company, and capturing a 9-pounder gun.

32nd Regiment.—Corporal WILLIAM OXENHAM.—Date of act of bravery, 30th June, 1857.—For distinguished gallantry in saving the life of Mr. Capper, of the Bengal Civil Service, by extricating him from the ruins of a verandah which had fallen on him, Corporal Oxenham being for ten minutes exposed to a heavy fire while doing so.

32nd Regiment.—Private WILLIAM DOWLING.—Date of acts of bravery, 4th and 9th July and 27th September, 1857.—For distinguished gallantry on the 4th of July, 1857, in going out with two other men, since dead, and spiking two of the enemy's guns. He killed a Subadar of the enemy by one of the guns. Also for distinguished gallantry on the 9th of the same month, in going out again with three men, since dead, to spike one of the enemy's guns. He had to retire, the spike being too small, but was exposed to the same danger. Also for distinguished bravery on the 27th of September, 1857, in spiking an 18-pounder gun during a sortie, he being at the same time under a most heavy fire from the enemy.

MEMORANDUM.82,012
1,692.**ARTIFICIAL ARMS AND LEGS.**

THE Lords and others Commissioners of Chelsea Hospital having at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

MEMORANDUM.

FIELD OFFICERS *who have retired from the Service by the Sale of their Commissions, and wish their Names to be restored to and retained in the ARMY LIST in Italics, will be pleased, in their Applications for this Privilege to the General Commanding in Chief, to state the Dates of their last Commissions, Brevet as well as Regimental, and also that of their Retirements.*

HORSE GUARDS,
29th May, 1855.

ALL FIELD OFFICERS *whose names are allowed to be retained in the ARMY LIST, whether they may have sold out since or previously to the issuing of Her Majesty's Royal Warrant of the 6th October, 1854, shall send a Certificate to Her Majesty's Secretary-at-War of their being alive on the 1st January and the 1st July of each year.*

If such Certificate due on the 1st January be not received at the War Office by the 1st April, and that due on the 1st July by the 1st October, it will be concluded that the Officer is deceased, and his name will be removed from the ARMY LIST.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force:

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realm.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

(Signed) CLARENDON.
